

OUR WORK

For nearly 20 years, SAGE has motivated teenage entrepreneurs to create real businesses that help address pressing social needs. Our network of teens, higher education and business leaders is active in **over 30 countries on five continents**, and we will increase our impact by launching and supporting as many SAGE countries as possible.

MISSION & VISION

To create the next generation of entrepreneurial leaders whose innovations and social enterprises address the major unmet needs of our global community.

Our SAGE teenage entrepreneurs are sharing a common purpose:
to make the world a better place.

The **SAGE World Cup** is a three-day event that includes a cultural outing, an international trade fair, national culture performances with music, dancing, sport, art, and history, and ultimately, the competition!

SAGE IS THE WORLD LEADER IN YOUTH ENTREPRENEURSHIP

Our success is rooted in:

CURRICULUM

Our online entrepreneurship curriculum *Turning Risk Into Success: An Entrepreneurship Program for Teenagers and Young Adults* is available for all SAGE participants at sagetris.com.

COACHING

We have established one of the most impactful, international networks among teenagers, with university students, educators and/or business leaders coaching and mentoring SAGE entrepreneurs to their success.

COMPETITION

- SAGE entrepreneurs compete regionally and nationally, with the top two teams from each country being invited to compete at the annual **SAGE World Cup**, hosted in a different country each year.
- An accredited panel of judges score live presentations that include the review of annual reports, a multi-media presentation and dedicated time for Q&A.
- Judging criteria is comprised of: **1) business operations; 2) social impact; 3) creativity and innovation; 4) likelihood the business will continue; and 5) overall presentation.** The winning team receives prize money and an acclaimed trophy identifying them and their country as the best teenage entrepreneurs of the year!

SAGE BUSINESSES

Crystallites (Nigeria) recycles waste paper into toilet tissue and paper books.

Rainbow Straws (Vietnam) created straws made from rice that remain firm in liquid and are edible when done using.

Greener Globe (Ireland) invented and patented a showerhead that reduces household water consumption by 140gal.

SAGE teams competing at the World Cup may also submit entries for how their business addresses one or more of the **United Nations Sustainable Development Goals**, and teams that best address these goals win additional recognition and prize money.

Previous **SAGE World Cup** locations include Brazil, China, Nigeria, Philippines, Russia, South Africa, and the United States.
